WHAT IS STRESS MANAGEMENT?

Stress is the body's reaction to any change that requires adjustment or response.

Stress Management refers to techniques and strategies used to handle stress effectively.

Goal: To maintain emotional stability, productivity, and health under pressure.

CAUSES OF STRESS

- Academic pressure and deadlines
- Personal or family issues
- Unclear goals and expectations
- Peer pressure or social comparison
- Poor time management

SYMPTOMS OF STRESS:

- **Physical:** Headaches, fatigue, disturbed sleep
- **Emotional:** Irritability, anxiety, low motivation
- **Behavioral:** Procrastination, overeating, withdrawal
- **Cognitive:** Difficulty concentrating, negative thinking

TECHNIQUES TO MANAGE STRESS

- **Relaxation Methods:** Deep breathing, meditation, yoga
- **Time Management:** Prioritize tasks and set realistic goals
- **Healthy Lifestyle:** Balanced diet, regular exercise, proper sleep
- **Positive Thinking:** Focus on solutions, not problems
- **Social Support:** Talk to family, friends, or mentors

BENEFITS OF STRESS MANAGEMENT

- Improved focus and performance
- Better emotional health and decision-making
- Increased energy and motivation
- Stronger relationships
- Overall well-being and life satisfaction

UNDERSTANDING SELF-AWARENESS

- Self-awareness is the ability to recognize your emotions, thoughts, and behaviors.
- It helps you understand how you respond to situations.
- Foundation of personal growth and emotional intelligence.

Importance of Self-Awareness

- Helps in setting realistic goals
- Improves relationships and communication
- Enhances decision-making
- Promotes self-confidence and emotional balance

STRENGTH ANALYSIS

- **Strengths** are qualities or abilities that help you perform well.
- Examples:
 - Good communication
 - Leadership ability
 - Problem-solving skills
 - Creativity and adaptability
- Identify strengths through feedback, reflection, and achievements.

WEAKNESS ANALYSIS

- **Weaknesses** are areas that need improvement.
- Examples:
 - Poor time management
 - Lack of confidence
 - Difficulty saying “no”
- Ways to improve:
 - Take small steps for change
 - Seek guidance and training
 - Turn weaknesses into learning opportunities

TOOLS FOR SELF-AWARENESS

- **SWOT Analysis:** Strengths, Weaknesses, Opportunities, Threats
- **Personality Tests:** MBTI, Big Five
- **Reflection Journals**
- **Feedback from Peers/Mentors**
- **Mindfulness Practices**

WHAT IS SELF-MOTIVATION?

Self-motivation is the inner drive to achieve goals without external pressure. It's about **believing in your purpose and taking consistent action**. Key to success, growth, and resilience.

COMPONENTS OF SELF-MOTIVATION

- **Desire:** Wanting to achieve a goal
- **Commitment:** Willingness to put in effort
- **Initiative:** Taking proactive steps
- **Persistence:** Continuing despite challenges
- **Optimism:** Believing in positive outcomes

TECHNIQUES TO BUILD SELF-MOTIVATION

- Set SMART Goals (Specific, Measurable, Achievable, Relevant, Time-bound)
- Visualize Success
- Reward Yourself for Progress
- Stay Around Positive People
- Track Small Wins

Overcoming Demotivation

- Identify the reason (fear, failure, fatigue, or distractions)
- Break big goals into smaller tasks
- Rest and recharge when needed
- Focus on purpose, not just results
- Learn from mistakes — treat them as feedback

BENEFITS OF SELF-MOTIVATION

- Enhances performance and productivity
- Builds resilience and confidence
- Improves focus and goal achievement
- Encourages lifelong learning
- Leads to success and satisfaction
